12 May 2011

Dear Friends,

At the present time many who see their world around them collapsing 'feel' that something is going to happen. While looking outwards their ideas seem to be confirmed through Prophecy, the Mayan calendar, financial markets, troubles in the Middle East etc. They are, as truth seekers, strengthened in their thinking by the disclosure of secret files through Wikileaks and the anxiousness of many governments for a popular uprising. Generally they read the time we are living in correctly though most are waiting for an external appearance of their saviour, as they indeed have done so many times in the past. Yet, this is the time that 'a man' will stand up, though not through a revolution from the outside but rather, in many of the hopeful, through an awakening from their 'inside'. They see within the chaos of the disintegration of powers, which befalls them personally and corporately, the Life they longed for 'manifested'.

This Life they are longing for is an All Powerful Life, which manifests itself without external disturbances, because war belongs only to the flesh man. This manifestation of Life starts with a shift of thinking within man, from the security and procreativity he thought he had as a flesh man, to the Protection and Fertility He 'Is' as a Spirit man. This is expressed in the way man looks at 'value'.

Today on the eve of the line-up of the four planets, the heavens declare that all which is material is completed. It is for this reason that a shift of authority has taken place. The time of man's dominion is expired and the New Authority will now be seen by those who have come to the fullness of the rule of 'self'. Blinded man has exercised his dominion not through his Creator and Sustainer, who gave him this dominion by His only 'true value', instead man exercised his dominion by an illusionary value, indeed by money 'valued' through taxes.

As a Judge, I expose the dissolution of man's authority, a dominion he exercised which has served its only purpose 'to kill man's perception of self', inaugurating the New Authority by our Father who raises Himself up in man. For this reason I send you a paper wherein I have expounded on the two occasions that Yahshua was confronted with the paying of taxes / tribute. Added to the document, as a Postscript, I have commented on Paul's teaching on Authority in Romans 13, which is relevant to the subject.

I hope and pray this writing may be of help to you.

Henk Beerepoot

P.S.

As a postscriptum to this letter I need to make an addition which I have written on the 17th of May. As man's authority has come to an end, wherein he exercised his dominion through 'money', the man who epitomises this authority in the world is the head of the International Monetary Fund Mr. Dominique Strauss-Kahn. Mr. Strauss-Kahn, as a descendant of Esau, has been involved in a sex scandal, which symbolises the 'works of the flesh'. His 'flesh works' will cause him to stand down as a general manager of the private IMF organization. He was the 10th general manager, which marks the completion of the monetary power. This development signifies the demise of man's authority and is remarkable to this cover letter and the paper 'Is it Lawful to Pay Taxes?'
